---

The American Guild of Organists is thrilled to announce the first online [OrganFest](#), which will take place July 20-24. Each evening's broadcast will premiere a new work which had been commissioned for the 2020 National Convention in Atlanta, accompanied by interviews with the composers.

Featured performers will be Jens Korndörfer, Amanda Mole, Alan Morrison, Thomas Ospital, and Catherine Rodland. Additional recorded performances by recent international organ competition winners will be presented, and short presentations will share exciting news and updates from the AGO.

The daily YouTube premiere (8pm Eastern) and accompanying [Festival website](#) will be available at no charge.

OrganFest 2020 promises to be an exciting way to showcase our beloved instrument and the great work of the AGO. Please share this information widely with your music-loving friends.

While we are saddened by the cancellation of many musical events this spring and summer, including our National Convention in Atlanta, we look forward to celebrating the future of organ music together online next month.

Blessings, Nancy Siebecker, dean and Amy Cerniglia, sub-dean
